SUMMARY

Full-stack JavaScript developer with 3+ years of production client work delivering e-commerce storefronts, custom CMS themes, and platform migrations across Shopify, HubSpot, and WordPress. Scopes, builds, and ships projects end-to-end as a sole developer, handling everything from technical planning through deployment and ongoing maintenance. Contentful Certified Professional. Nine years as a sous chef managing teams, budgets, and vendor relationships, now applied to project ownership and client communication.

TECHNICAL SKILLS

Core: JavaScript (ES6+), TypeScript, React, Next.js, Node.js, Express, HTML5, CSS3

CMS & E-Commerce: Shopify (Liquid, custom themes), HubSpot CMS (HubL, CRM integration), WordPress (Elementor), Contentful (Certified)

Data & DevOps: MongoDB, MySQL, PostgreSQL, Docker, Git, GitHub Actions CI/CD, AWS, Azure

AI Tooling: AI-assisted development workflows (code generation, testing, debugging); local LLM hosting with Ollama and GPU optimization

Familiar: Java, Spring Boot, Python; Agile/Scrum, Headless Architecture, RESTful APIs, SEO, Figma

PROFESSIONAL EXPERIENCE

Lead Developer (Contract) | Atelier Dacko, Custom Jewelry Brand *2023 to Present*

- **Built and maintained a 14+ page Shopify storefront with 200+ product SKUs, serving 500+ monthly visitors.** Migrated from an original WordPress portfolio site through three project phases over 2+ years
- Designed and built an interactive ring builder that lets customers configure stone, band, and size selections, creating a guided purchase experience that replaced manual quote requests
- Developed custom Liquid templates, integrated Stripe payments, and own ongoing feature development, bug fixes, and client communication as sole developer

Web Developer (Contract) | NeurativeAI, AI Agency *2025*

- Developed a custom 8-page HubSpot theme from scratch with full CRM integration, managing the complete legacy to custom migration: content mapping, page restructuring, and reusable HubL module architecture
- **Cut page load time by 30% and achieved 90+ PageSpeed scores** through image optimization, lazy loading, and caching configuration
- Configured Google Tag Manager for conversion tracking and launched the production site with ongoing maintenance support

Web Developer (Contract) | Geeked Out Goods, Vintage Gaming Retailer *2023*

- Built custom Shopify page layouts and product display modules for a vintage gaming storefront, focusing on collection pages and product presentation
- Managed bulk product imports and catalog data restructuring via JSON migrations for a 400+ item inventory
- Performed technical SEO audits and basic security hardening to improve search visibility

Sous Chef & Team Lead | Multiple Venues, Toronto *2015 to 2024*

- Led teams of 5 to 20 for nine years: hired and trained staff, managed weekly scheduling, controlled food cost budgets, and handled vendor purchasing
- Ran weekly and monthly operations meetings with ownership and front-of-house management, building the cross-functional communication skills now applied to client stakeholder management

CERTIFICATIONS & EDUCATION

Contentful Certified Professional + Personalization Skill Badge, Contentful (2025)

Computer Programming & Analysis, George Brown College, Toronto *April 2024*

Dean's List (all terms) | Coursework: ML, Data Structures & Algorithms, Enterprise Java, Full-Stack Development
