PROFESSIONAL EXPERIENCE

CMS / E-commerce Developer | Atelier Dacko, Custom Jewelry Brand (Apr 2023 - Present)

- Redesigned the brand's WordPress portfolio in Elementor, then migrated it to Shopify to introduce e-commerce.
- Built a custom 16+ page Shopify storefront on a customized Dawn 2.0 theme in Liquid, owning the project end to end as sole developer and client contact.
- Migrated the product catalog, configured redirects, and moved images and catalog files to AWS during the redesign.
- Building the e-commerce experience and an interactive ring-builder configurator (stone, band, size) to replace the manual quote workflow, currently in progress.
- Managed page and blog content plus on-page SEO across the storefront.

CMS Developer | SEO AI Marketing Agency (Jan 2026 - Apr 2026)

- Turned Figma designs into a custom 8-page HubSpot site for an SEO AI agency, building reusable, editor-configurable HubL modules and page templates.
- Cut page load time 30% and lifted PageSpeed above 90 through image optimization, lazy loading, and caching, improving Core Web Vitals and search rankings.
- Set up and configured the HubSpot CRM with team roles and permissions, launched the site, and ran a month of QA for a clean handoff.

Shopify Developer | Geeked Out Goods (Jan 2024 - May 2024)

- Managed inventory and product catalog for a Shopify vintage-gaming store with 400+ items, owning product-detail content and site updates.
- Built a pipeline to sanitize and validate CSV inventory exports before import, catching feed errors early.
- Created new product listings and managed on-page SEO across product pages.

Sous Chef & Team Lead | Multiple Venues, Toronto (2015 - Nov 2025)

- Led teams of 5–20 for ten years: hiring, training, scheduling, food-cost budgets, and cross-functional coordination with ownership and front-of-house.
