PROFESSIONAL EXPERIENCE

Web Developer (Contract) | Custom Jewelry Brand

2023 – Present

- Built and maintained a 14+ page Shopify storefront with 200+ product SKUs serving 500+ monthly visitors, migrating from WordPress through three project phases over 2+ years
- Designed and shipped an interactive ring builder that lets customers configure stone, band, and size options directly, replacing the old manual quote request process
- Developed custom Liquid templates, integrated Stripe payments, and own all ongoing feature development, bug fixes, and client communication as sole developer

Web Developer (Contract) | AI Agency

2025

- Developed a custom 8-page HubSpot theme from scratch with full CRM integration, managing the complete legacy-to-custom migration: content mapping, page restructuring, and reusable HubL module architecture
- Cut page load time by 30% and brought PageSpeed scores above 90 through image optimization, lazy loading, and caching, which also improved Core Web Vitals and organic search rankings
- Configured Google Tag Manager for conversion tracking and analytics, then launched the production site with ongoing maintenance support

Web Developer (Contract) | Vintage Gaming Retailer

2023

- Built custom Shopify page layouts and product display modules for a vintage gaming storefront with a 400+ item catalog, making it easier for shoppers to browse collections and find products
- Wrote and ran bulk JSON data migrations to restructure the full product catalog, cutting manual data entry time and eliminating duplicate SKU errors
- Ran technical SEO audits and handled security hardening that improved search visibility across target keywords

Sous Chef & Team Lead | Multiple Venues, Toronto

2015 – 2024

- Led teams of 5 to 20 for nine years: hired and trained staff, managed weekly scheduling, controlled food cost budgets, and coordinated regularly with ownership and front of house on operations and planning
