PROFESSIONAL EXPERIENCE

Web Developer (Contract) | Custom Jewelry Brand (Atelier Dacko) 2023 – Present

- Built and maintained a 14+ page Shopify storefront with 200+ product SKUs serving 500+ monthly visitors, migrating from WordPress through three project phases over 2+ years.
- Designed and shipped an interactive ring builder that lets customers configure stone, band, and size options directly, replacing the legacy manual quote request workflow.
- Developed Liquid templates, integrated Stripe payments, and owned client communication as sole developer.

Web Developer (Contract) | AI Agency (NDA) 2026 – Present

- Built a custom 8-page HubSpot theme with full CRM integration, owning the legacy-to-custom migration: content mapping, page restructuring, and reusable HubL modules.
- Cut page load time by 30% and lifted PageSpeed scores above 90 through image optimization, lazy loading, and caching, improving Core Web Vitals and organic search rankings.
- Set up GitHub Actions CI pipeline with automated linting before deploying to production.

Web Developer (Contract) | Vintage Gaming Retailer (NDA) 2024

- Built custom Shopify page layouts and product display modules for a 400+ item vintage gaming catalog, improving collection browsing and product discoverability.
- Wrote and ran bulk JSON data migrations to restructure the full product catalog, cutting manual data entry time and eliminating duplicate SKU errors.
- Ran technical SEO audits and security hardening that improved search visibility across target keywords.

Sous Chef & Team Lead | Multiple Venues, Toronto 2015 – 2024

- Led teams of 5–20 for nine years: hired and trained staff, managed scheduling and food cost budgets, and coordinated cross-functional operations with ownership and front-of-house.
